

Private Diagnostics

Target Market, provided by AXIS Specialty London

Private Diagnostics is there when your clients are faced with a potentially serious health problem, by giving them answers and reassurance from the experts as quickly as possible when referred to cardiology, oncology or neurosurgery specialists to investigate symptoms.

Private Diagnostics offers fair value and is suitable for:

- Customers who need cover between the ages of 18 and 67 at outset and cover to cease by age 70.
- Customers who require a minimum term of one year.
- Customers who want the level of cover to remain the same throughout the term of the policy.
- Customers whose medical conditions do not prevent provisions of cover.
- Customers who are happy to be underwritten.
- Customers who can afford relevant monthly premiums.
- Customers who are a UK resident.

Private Diagnostics will not offer fair value and is not suitable for:

- Customers under 18 or over 67 at outset.
- Customers who want cover to continue past age 70.
- Customers who require a policy term of exceeding one year.
- Customers who want their policy to decrease.
- Customers with health conditions that may result in cover not being issued.
- Customers who are willing to self-insure and have sufficient funds elsewhere.
- Customers requiring a non-underwritten journey.
- Customers who are unable to afford the required premiums.
- Customers who are not a UK resident.
