The cover is designed for clients who want to provide financial support to their dependants if the client dies or becomes terminally ill while covered by the policy.

The cash sum can be used to contribute towards paying back a debt, like a mortgage or loan, or help provide financial support to your client's family.

Cover can also be taken out for business purposes - to provide a lump sum if a key person dies or is diagnosed with a terminal illness (where the illness is expected to lead to death within 12 months). The cash sum could help purchase shares owned by a director or partner or cover interest payments on a business loan.

## Optional Benefit
