

Group Life Assurance by Legal & General

Our partnership with MMB Elect means that you instantly benefit from exclusive access to our most comprehensive range of workplace protection benefits yet.

You'll be able to take advantage of our Life Assurance Benefit cover with additional support across all three of our health and wellbeing pillars:

- Be well
- Get better
- Be supported

Your employees and their families will benefit from our outcome focussed approach that's designed to deliver value from day one of the policy.

And with over 90 years of experience and knowledge supporting UK SME's, we're perfectly placed to deliver extraordinary workplace benefits matched to your business ambitions.

Your gateway to a new world of wellbeing

Our Employee Assistance Programme (EAP), provided by Spectrum.Life is a free, day-to-day wellbeing and counselling service. It provides in the moment support to your employees and their immediate family, 24/7 and 365 days a year.

They'll have instant access to an on-demand health and wellbeing platform and app, where they can arrange support from qualified counsellors or trained psychotherapists at any time. They'll also have access to a wide range of tools, services and resources to manage their wellbeing, whenever and wherever they want.

The Spectrum.Life app will also provide a single point of access, signposting your employees to our full range of available wellbeing services as part of our exclusive enhanced arrangement with MMB Elect.
